Hi Keith

Just want to say thanks for the quick response to my email. We just received an edited letter from your team and I think we all concur.

Thanks again – talk to you on Friday. Let me know if you'd like to talk about anything before we talk to the Navy.  
Nicole

**Subject:** FW: Clean and Compare versions of DTRR letter

Hi Keith

Per our conversation last week, we seem to have made a little progress on this however, given that we have meetings scheduled for later this week we really need to send this letter today. We heard from Lene yesterday that she is only able to work on Red Hill on the weekends which is causing a lot of delays. I have not heard back from anyone on this email and we will be unable to move forward with scheduled meetings that over 20 people have held on their calendars. I am available by phone. Please call me if possible.

Nicole

**Subject:** Clean and Compare versions of DTRR letter

Hello all,

Attached is EPA's suggested edits to HDOH's most recent letter regarding the Destructive Testing Results Report. We've also attached a compare version of the letter for your reference. We appreciate your collaboration on

this effort. We tried to incorporate key elements of both of our letters. Since there has been significant discussion around this letter, and NDE scoping meetings are planned for later this week, we believe that if there isn't agreement on this version, a management level meeting will be needed to discuss how to move forward.

Thanks again, please review and respond by Tuesday, July 7.

Nicole
